FIRSTCAPE

VINE TO GLASS

The breathtaking landscape of South Africa's Western Cape and the picturesque Breede River Valley is home to FirstCape wines.

Everything that FirstCape does is rooted in the vineyards of our original growers in South Africa. Our growers are always striving to source the highest quality and consistency for our customers.

OUR STORY

Established in 2001, FirstCape is founded on community principles. Uniquely co-owned by a team of passionate farmers, with over 200 farms, they and their teams are the custodians of FirstCape nurturing and tending the very vines that help guarantee the quality and consistency of the FirstCape brand.

Working in partnership with the local farmers plays a vital role in enriching the local community, fostering a deep connection and delivering wines famed for their fresh and juicy expression.

CHENIN BLANC

A deliciously crisp yet rounded Chenin Blanc from our vineyards in the Western Cape. This wine shows fresh citrus and white peach notes on the nose, combined with ripe pear and tropical notes on the palate.
